YOUR VISION IS OUR MISSION

At the end of the day, we rest confidently in our commitment to quality and craftsmanship. When you work with SL Jensen, you'll work with a team of contractors who understand that luxury isn't necessarily in the grandiose—it's in the details. And, when it comes to constructing something that speaks to you, it's in the collaboration. It takes a whole team of skilled craftsman who care about realizing your vision to build something that you'll fall in love with.

At SL Jensen, many trades are performed by our employees, which controls quality, craftsmanship, and scheduling. Your custom construction or remodeling project is performed by the experienced craftsman on our staff, some of which have been with us since the beginning.

Kolding Cabinetry combines three core values – Design, Fabrication and Inspiration. Every step of the process keeps one goal in mind, satisfaction of the client. The secret to any successful project is to have a clear design intent, quality craftsmanship of product and the inspiration to create something special for every client.
